

SHADOW OF THE RAVEN

By Nox Arcana

21 Tracks, with a total running time of 1:02:57 min.

Nox Arcana returns to the darkened realm of horrors with SHADOW. Taking guidance from one of the true masters of horrors, Edgar Allan Poe, this album goes through various stories and themes that Poe wrote about. This gives the listener an audio journey through a very dark and troubled mind. We are given musical journeys to the House of Usher, taste some vintage Amontillado, and fight off madness as we hear the constant beating of the Tell-Tale Heart.

With this album, the haunting sound of the piano seems to come to the forefront, which makes this one of my favorite releases from Nox Arcana. I've always loved the eerie and echoing sound of the piano, especially when it is given haunting notes to play. And with SHADOW, they do just that.

Nox Arcana continues to deliver dark and entertaining soundscapes with each of their releases.
